Allis Chalmers B tractor overview. The Allis-Chalmers model B was the result of research by Harry Merritt, Allis tractor division manager, into U.S. farm sizes in the early 1930s. Allis-Chalmers model IB tractors built prior to 1946 shared serial numbers with the B farm tractors. Based on the B, the Allis IB industrial tractor featured a heavier frame, front axle, and foot throttle. Browse our inventory of new and used ALLIS-CHALMERS Dozers For Sale at MachineryTrader.com.
