It takes more than just a design school education and a killer portfolio to succeed in a creative career. Burn Your Portfolio teaches the real-world practices I just finished reading Michael Janda's book, Burn Your Portfolio, Stuff They Don't Teach You In Design School, But Should. This book's score of a 7.3 is pretty good, especially considering it was written by a graphic designer for graphic designers and I'm a product designer. Burn Your Portfolio: Stuff They Don't Teach You in Design School, But Should. In this surprisingly funny, but incredibly practical advice guide, Janda's advice on teamwork and collaboration, relationship building, managing clients, bidding work, production processes, and more will resonate with creative professionals of all stripes.
