

Download Coordinates Secret Message

A Message in Plotted Lines Type in a short message with letters and numbers, and your students can plot the points and connect the lines to reveal it in the grid. You can make this message anything you like, for example, "we all love geometry," but only letters and digits will be used in the coordinate points. A Message in Points. Develop coordinate plotting and locating skills. In this exercise, you provide a secret message (between ten and sixty letters and numbers, not including spaces, but no punctuation) which is shown as empty boxes at the bottom of the page. Each box has a grid coordinate. The grid is filled with labeled points. Coordinates: Hidden Message - Free! WorksheetWorks.com - enter your own message and the program will create a coordinate grid worksheet (with answer key!) for students. I did this in about 2 seconds using the phrase, "Happy New Year" Awesome! Plotting Secret Message Showing top 8 worksheets in the category - Plotting Secret Message .
