

Download Dust And Noise In The Construction Process Hse Contract Research Report

Are you a domestic client? Construction (Design and Management) Regulations 2015 (CDM 2015) What you need to know Who is a domestic client? A domestic client is anyone who has construction work carried out for them that is not done in connection with a business - usually work done on their own home or the home of a family member. A client who has construction work carried out for them that is ...The Construction (Design and Management) Regulations 2015 . Whatever your role in construction, CDM aims to improve health and safety in the industry by helping you to: . sensibly plan the work so the risks involved are managed from start to finish This overview paper draws together findings from previous focus group research and studies of 100 individual construction accidents. Pursuing issues raised by the focus groups, the accident studies collected qualitative information on the circumstances of each incident and the causal influences involved. Features . Fuming We warned over 30 years ago that diesel fumes were deadly, with millions at risk at work every day. If the authorities had listened then, today's diesel exhaust driven public health catastrophe could have been averted. Hazards editor Rory O'Neill reveals the criminal acts that left a working generation exposed and cost tens of thousands their lives.
