This Flight Operations Manual has been compiled for the use and guidance of personnel in the execution of duties related to aviation operations at SPEC Incorporated. It contains information and instructions on the manner in which SPEC Incorporated flight operations shall be conducted. Our Flight Operations Manual is continually updated with IS-BAO (International Standard for Business Aircraft Operations) standards and protocols (which support ICAO [International Civil Aviation Organization] Annex 6 Part II and ICAO Annex 19), as well as best practices from hundreds of operators and auditors.

1.2.1 The contents of this manual and any copy write Rainier Flight Service materials are intended only for the use of Rainier Flight Service and its clients.

1.3 Familiarity with Contents The AFS Flight Program Flight Operations Manual (FOM) contains policies and procedures that serve as guidance for AFS Flight Program participants at the national, regional, and facility level (including management, aviation safety inspectors, and administrative personnel).
