Editorial Reviews Review "The author, a registered nurse and mystery writer, does an excellent job of conveying the importance of an emerging medical specialty."-- Publishers Weekly "Drawing upon true ...Forensic Nurse: The New Role of the Nurse in Law Enforcement. And when the human body itself is a crime scene, what a nurse does--from asking the right questions to preserving the key evidence--can make all the difference in the world. Now, a new kind of nurse is being deployed to the front lines. The forensic nurse (FN) is the new detective on the block. She is law enforcement's secret weapon. The expertise of a forensic nurse--a unique combination of medical skill, legal knowledge, and criminology--makes her input increasingly more valuable in the investigation of crimes.
