

Download Hydro Flame 8232 Manual

I have a hydroflame model #8232 in my rv. It has the dsi ignition system. I have spark, but no gas to the burner. ... Go and [CLICK HERE](#) for a copy of the Service Manual for this model. Bookmark it so you can come back to it again later if needed. ... I have a Hydro flame furnace in my trailer. It is model #8232. I have a Hydro flame furnace in my trailer. It is model #8232. When I activate the thermostat, the blower starts but the burner never lights. I wiggled the wires to the electrode and the furnace ignited and worked the rest of the trip. On the second trip I tried that again, but this time it did not light. I have a hydro flame 8232 in my hunting camper and for the last 3 years I have had the same problem with it. It works fine then at least twice a day it does not fire up when the blower comes on.
