Journey to Success: How To Create the Life You Love by Following 4 Key Steps [Yvonne Lee-Hawkins, Gizelle Bichard] on Amazon.com. *FREE* shipping on qualifying offers. In today's world, success has many different meanings and the measure of success is a very personal one. Have you found success in some areas of your life? To become the type of success you are setting out to be you have to start at the beginning, just like in the alphabet you start with the letter "A." Success is not an event, it is a process. Love, time, and energy are the most precious possessions you have in life. Work your journey up to success by investing your most valuable possessions in things that you enjoy doing; things that bring you satisfaction and feelings of achievement long term. Yes, it is good to be present in the now; yet, success doesn't come that quickly. Therefore, invest in your future because there is no point in feeling accomplished only now and then. How to Consciously Create Yourself in 3 Easy Steps. Home; Success. ... You need to take the following steps for it: ... Do you love your life so far and you love what you are doing? If yes, continue to improve and deliver even a better job. If not, it tells you that something is not right and you need to change it. ...
