Find PHY20481Experiments in Physics is a lab manual for an introductory calculus-based physics class. This collection of 32 experiments includes laboratory procedures in the areas of mechanics, heat, electricity, magnetism, optics, and modern physics, with post-lab questions designed to help students analyze their results more deeply. The primary purpose of this lab is to introduce you to the quantity called the torque or, as engineers call it, the moment of a force and show how this quantity behaves in a system in static equilibrium...
