

Download Spirit Of Excalibur Manual

Spirit of Excalibur 1990, Virgin Mastertronic Spirit of Excalibur - Manual INTRODUCTION It is the year 539 in Arthurian England. Arthur has been killed at the battle of Camlann, and his realm is in ferment. You are the Crown Regent, Lord Constantine, King Arthur's successor as the leader of the Knights of the Round Table. A spiritual descendant of War in Middle Earth, Spirit of Excalibur uses the same engine to tell the tale of what befell Camelot after the death of King Arthur. You play the role of the regent who holds the throne while chaos spreads through Britain. "Undine," a water spirit who appears in Renaissance legends, is foreign to the Arthurian mythos, and Nineve herself is usually given as the Lady of the Lake. Bedivere is the one who hurled Excalibur in the lake in the first place, so he should have known where it was. Description of Spirit of Excalibur. Following on the heels of War in the Middle Earth come the second World Builder game from Synergistic Software, this time based on the intriguing legend of King Arthur. Set in the times immediately after his mysterious death, you control knights of the round table as they hunt King Arthur's missing sword,...
