

# Download State Of California Manual On Uniform Traffic Control Devices

Effective March 29, 2019, California Department of Transportation (Caltrans) has made edits, referred to as Revision 4 (Rev 4), to the 2014 California Manual on Uniform Traffic Control Devices (CA MUTCD), to provide uniform standards and specifications for all official traffic control devices in California. Our office provides the technical traffic tools needed to implement effective and appropriate traffic engineering solutions. Tools include manuals, guidance and other forms that provide the direction, process and procedures for implementing traffic engineering systems.

316.002 Purpose. — It is the legislative intent in the adoption of this chapter to make uniform traffic laws to apply throughout the state and its several counties and uniform traffic ordinances to apply in all municipalities. The Legislature recognizes that there are conditions which require municipalities to pass certain other traffic ordinances in regulation of municipal traffic that are ...
