

Download Trans Generational Trauma Passing It On

Expand your perspective on resilience and post-traumatic growth. There is a lot being written these days on post-traumatic growth (PTG) and resilience. As a trauma therapist and scholar on responses, I follow these with Google alerts and at least once a week get a batch of new ones. Typically, they describe resilience We've talked about indie comics and what they are doing for the LGBTQA community of fans... but what could be more independent than webcomics? Often the product of a single cartoonist, webcomics offer a unique opportunity to showcase the queer community in all its glory. With hundreds of possible ...Transphobia is the range of negative attitudes, feelings or actions toward transgender or transsexual people, or toward transsexuality. Transphobia can be emotional disgust, fear, violence, anger, or discomfort felt or expressed towards people who do not conform to society's gender expectation. It is often expressed alongside homophobic views and hence is often considered an aspect of homophobia. Community mental health services (CMHS), also known as community mental health teams (CMHT) in the United Kingdom, support or treat people with mental disorders (mental illness or mental health difficulties) in a domiciliary setting, instead of a psychiatric hospital (asylum). The array of community mental health services vary depending on the country in which the services are provided.
