Find the year your Volvo Penta motor was manufactured using our model & serial number look-up guide. To find the model number (see Figure 1 below) of your engine or drive; locate one of the tags on the product that contains the model number, product number and serial number. A metal tag is riveted to all products. Some products also have this info on a decal on the top or side of the product. Over 900 Free Marine Manuals, listed alphabetically in three groups covering a variety of marine equipment, engines, radios, rafts, pumps, auto pilots, and more. Balmar maintains the following library of manuals for products no longer in production. Simply click on the link provided to view and/or download the applicable document.
